

The Event

The Canadian Nuclear Society (CNS) and Canadian Nuclear Laboratories are hosting the **4th International Conference on Generation IV and Small Reactors (G4SR-4)** in cooperation with international partners in industry and government. G4SR-4 will be a 4-day international conference in Toronto, Ontario, Canada on October 3-6, 2022 with a fully in-person program including:

- Plenary sessions on important topics with invited speakers from government, industry and civil society.
- Parallel technical sessions with [author presentations on research papers](#).
- Full-day and half-day workshops on select topics.
- An “Innovation Night” special social event.

G4SR-4 is co-located and will run parallel with the [GIF Forum with Industry](#) organized by the Generation IV International Forum (GIF).

The Venue

The [Delta Hotels by Marriott Toronto Airport & Conference Centre](#) is the venue and main accommodations for the G4SR-4 International Conference.

The conference centre’s Plaza Foyer will be the heart of the conference as the main exhibition space and reception area.

The Plaza and International ballrooms will be the site of the conference’s plenary sessions, meals and other events, with smaller meeting rooms nearby for technical sessions.

The hotel offers modern, well-appointed guest rooms as well as amenities such as the Exhale Spa & Wellness Centre, 24-hour fitness centre and an indoor pool.

Located 3 km from Toronto’s Pearson International Airport, the hotel offers a complimentary shuttle service door to door.

The Delta Hotels by Marriott Toronto Airport & Conference Centre is a fabulous location to host the return of the in-person G4SR-4 International Conference.

A special conference guest rate has been reserved. Space is limited so please reserve early to avoid disappointment. [Reserve your room at the group rate for the Canadian Nuclear Society.](#)
